7. Type-C Power Bank Function

This speaker carries a Type-C charge out function that will automatically detect your device and begin to charge it when the charging cable is plugged into the Type-C charge port. The output power is up to DC 5V/2A. In order to maintain stable music playing performance, it's not recommended to use the music and power bank function at the same time.

8. Aux-in Mode

Simply connect the speaker with your non-Bluetooth device via the 3.5 mm audio jack cable(not included).

Note: After plugging in an audio cable, the speaker will automatically switch to Aux-in mode.

9. USB Flash Drive Mode

The speaker will play the music from your U-disk when plugging into the slot.

10. TF/Micro SD Card Slot Mode

The speaker will play the music from your TF/Micro SD card when plugging the card into the slot. The maximum supported memory is 64 GB.

11. Live Streaming

Using the cable with dual type-c port(not included) to link the speaker with phone to enter live streaming mode. Insert monitoring headphones into aux-out port to monitor your live streaming.

12. Auto Power Off

The speaker will auto-off after 30 minutes if it does not pair with any device or play any music. When on low battery, the speaker will power off automatically as well.

13. Restore to Factory Setting

Press 'Bluetooth' button for 8s.

14. Tronsmart App

Download 'Tronsmart App' via Google Play or App Store.
