Volume +

Slide up the force sensor on the Left/Right earbud

Volume -

Slide down the force sensor on the Left/Right earbud

9. LDAC

LDAC needs to be enabled in the Tronsmart App.

- Use devices powered by Android 8.0 or later to experience LDAC-quality sound.
- LDAC provides higher-quality sound, increases power consumption, and reduces playtime.
- Enable LDAC in a low-interference environment to ensure a stable Bluetooth connection.

1. Go to settings in the Tronsmart app.
2. Click on "Sound Effects".
3. Select "Sound Priority LDAC" to switch to LDAC codec.
4. You will be notified that the earbuds do not support LDAC when connected to two devices. Select "Turn on" to continue.
5. It takes about 10 seconds to switch audio codecs. You may be asked to update the earbuds' firmware if available.

10. Indicator of Charging Case

a. Open the charging case or press the button on the charging case to check the battery levels.

100% ● ● ● ●

75% ● ● ● ○

50% ● ● ○ ○

25% ● ○ ○ ○

b. Charging Status

The leftmost and rightmost indicator of the charging case show the charging status of the left and right earbuds respectively. The indicators will go off after stays on for 5s during charging.

11. Charging

a. Put both earbuds into charging case and close it.

Charging Time of Earbuds: $\leq 1.5\text{H}$

b. Connect the charging case to a power supply using the attached USB-C charging cable. The indicators will flash while charging and go off if fully charged.

Charging Time of Charging Case: $\leq 2\text{H}$

12. Reset

Place both earbuds in the charging case and press the button on the case for 10 seconds until the indicator light blinks twice from left to right. It will clear the pairing records between the earbuds and your device. After a few seconds, the earbuds will enter pairing mode automatically.

Note: After resetting, make sure to delete the pairing record of any connected Bluetooth devices so that they can be easily searched for pairing again.

Care and Maintenance

- If this product is not used for a long period of time, it's recommended to recharge it at least once a month to extend its life and maintain the normal use.
- Keep the product in a dry location.
- Do not dispose this product in fire as batteries may explode or leak.
- To clean the product, use a lightly dampened cloth in water to clean the exterior in-case it gets dirty.
- Do not disassemble this product. It contains no user serviceable parts.

Warranty Information

Your 'Tronsmart Sounfii NC 2 Hybrid Noise Cancelling Earbuds', is warranted to the original owner for 1 year from the date of purchase against defects in material and workmanship under normal use and service. Tronsmart is not responsible for the accidental use of this product and its liability will not exceed the purchase price of the product. If you have any problems while using the product, please do not hesitate to contact our customer support team at support@tronsmart.com.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Follow local rules and never dispose of the product and rechargeable batteries with normal household waste. Correct disposal of old products and rechargeable batteries helps prevent negative consequences for the environment and human health.

To preserve natural resources, please recycle or dispose of the battery properly. Consult your local waste authority for information regarding available recycling and/or disposal options. When the battery runs out, remove the battery from the product housing and cover the battery pack connections with heavy-duty adhesive tape to prevent short circuit and energy discharge. Do not attempt to open or remove any of the components.

Important Safety Instructions

- Do not disassemble.
- Keep out of the reach of children. The product contains small parts that may be a choking hazard.
- The battery shall not be exposed to excessive heat such as sunshine, fire, or the like.
- Do not use the product in environments with too high or too low temperatures, and never expose it to strong sunlight or very wet environments.
- Ensure there is no liquid, sweat or water on the charging port when charging.
- Refer to your user manual for your earphones waterproof level and follow the corresponding instructions.
- For IPX4: Do not expose headphones to dripping or splashing water.
- For IPX4, IPX5, and IPX6: Do not submerge headphones in water.

Hearing Safety

To avoid hearing damage, do not listen for extended periods at high volume. Do not turn the volume so high that you're unable to hear your surroundings. Do not use earphones while driving. You should use caution or temporarily discontinue use in potentially hazardous situations.

The product generates stronger permanent magnetic fields that could cause interference with cardiac pacemakers, implanted defibrillators (ICDs), and other implants. Always maintain a distance of at least 3.94"/10 cm between the product component containing the magnet (earbuds and charging case) and the cardiac pacemaker, implanted defibrillator, or other implant.
